HISTORY

Interior Designer, Andrew Webb Architects
Graduate Interior Designer, Ar. Rajnikant Machhar, Bhavnagar, India

Sweta joined the NBRS Team in mid 2007 and has since been instrumental in the successful production and completion of projects from a range of disciplines including Education, Commercial and Residential.

Sweta is a qualified Interior Designer and holds a Masters in Design from Griffith University. Her project experience includes specialist education projects such as the \$7.8M Library Project for Central Queensland University and various new buildings and fitouts for Skillstech Australia (TAFE). Her most notable Projects are the delivery of the Wildlife Warriors, Animal Hospital in Beerwah on the Sunshine Coast. This Project maximized Sweta's knowledge of recyclable non-toxic, sustainably-sourced materials and ultimately her knowledge environmentally sustainable design. This along with her involvement in Star TV, Office Fitout in India the leading Media and Entertainment Company in Asia makes her a formidable team member both as an interiors expert and a leading documenter.

Sweta's experience is robust and well rounded, and frequently contributes to the architecture of the building. It is Sweta's skills in design development and construction detailing, and her ability to apply the practice of Interior Design across both interior fitout and architecture projects that makes her an asset on any project.
